Dear Harold:

I was able to ask Gregory several questions on the JFK and MLK cases, four of which are on this tape. You'll notice that the tape begins with someone else's questions; mine are about 10 minutes into the tape. (I'm sure you'll note Gregory's reaction to my inquiry about Byron Watson).

I hope you find this information useful and again I thank you for your time and assistance. It certainly was a learning experience for me.

Sincerely,

George Lisopold
